

## Fake Cooper Quotation Attributions

1. Cooper's letter to the United Nations is entirely authentic.

2. On back of "CE3K Alien Figure" sold as movie souvenir:

"Intelligent beings from other planets regularly visit our world in an effort to enter into contact with us. NASA and the American government know this and possess a great deal of evidence. Nevertheless, they remain silent in order not to alarm people. I am dedicated to forcing the authorities to end their silence."

Cooper sued the producer over this faked quote, but I never found out the results.

3. The Fake 'Ferrando Tape'

The following quotation is widely posted across the internet, and appears to be entirely fictitious (as well as awkward-sounding English). Nobody has been able to track down the alleged interviewer, much less the alleged tape.

"For many years I have lived with a secret, in a secrecy imposed on all specialists in astronautics. I can now reveal that every day, in the USA, our radar instruments capture objects of form and composition unknown to us. And there are thousands of witness reports and a quantity of documents to prove this, but nobody wants to make them public.

"Why? Because authority is afraid that people may think of God knows what kind of horrible invaders. So the password still is: We have to avoid panic by all means.

"I was furthermore a witness to an extraordinary phenomenon, here on this planet Earth. It happened a few months ago in Florida. There I saw with my own eyes a defined area of ground being consumed by flames, with four indentions left by a flying object which had descended in the middle of a field. Beings had left the craft (there were other traces to prove this). They seemed to have studied topography, they had collected soil samples and, eventually, they returned to where they had come from, disappearing at enormous speed...I happen to know that authority did just about everything to keep this incident from the press and TV, in fear of a panicky reaction from the public."
